Dynamic Contrast Ratio (DCR)

Ultra-high Dynamic Contrast Ratio of 50,000,000:1 displays darker images with more depth and detail.

Off Timer

To save power, a timer can be set to automatically turn off the monitor after a user-defined interval.

Ultra Low Power Consumption

The LED backlight panel requires 50% less energy than typical 4CCFL monitors.

i-Menu

Included PC software allows the user to change the OSD settings using their mouse.
